

PHG COVID-19 Update: November 6

Dear Valued Providers

We want to be a resource to our Premier Health Group Independent providers. As our health care system begins to stabilize, we will provide clinical and operational updates as they become available to continue and provide support to providers.

In addition, we have created a resources page on the [PHG website](#).

Please feel free to contact us directly at **(937) 499-7441** with any questions you might have.

Yours sincerely,

Matthew S. Reeves, DO, MBA
President, Premier Health Group &
System VP, Value Based Services, Premier Health

[Correction on CompuNet Lab Code](#)

Additional COVID-19 Testing Sites

CompuNet Clinical Laboratories has opened two additional COVID-19 testing sites for ease of patients. Patients can now be tested at the CompuNet Beavercreek (2400 Lakeview Dr.) and CompuNet West Chester (7743 Tylersville Rd.) locations.

In addition, Premier Health and CompuNet want to provide ease of access to patients and providers by allowing any patient to receive testing at any of the eleven testing locations. **Patients must have a physician's order. All of the testing sites require an appointment.** The only location that does not require advanced scheduling is the OnMain location. Beginning Tuesday, November 3, your patients may receive COVID-19 or Flu testing at any of the eleven testing locations of their choice.

Results from the specimen testing are generally available within 72 hours. **To view all locations, [view the updated flier](#) or visit www.PremierHealth.com/covidtesting.**

Correction on CompuNet Lab Code

It has been brought to our attention that one of the Epic LAB codes was incorrect on the information originally distributed. For the Combo tests: LAB 10319 is replaced with **LAB 10323**. [Please view the corrected document](#) and distribute as needed.
